WELCOME

Thank you for your interest

We welcome you to Allambie Heights Village Ltd. and thank you for your interest.

We have been providing quality care and accommodation on Sydney's Northern Beaches since 1966. We have grown as a Company since then in size and in the offerings that we have available for our residents and we have a diverse range of accommodation and care services.

A newspaper carried a full page review of our accommodation following a building extension and were so impressed that they created the headline, 'The Best Kept Secret on the Northern Beaches'.

This is a wonderful accolade and you can't buy that level of assessment, judgement or publicity. While many people have been finding us since then as reflected in our high occupancy levels, we are never complacent and we are always looking at ways that we can improve our standards, services and options for our current and future residents.

Thank you for choosing Allambie Heights Village Ltd. and its various services.

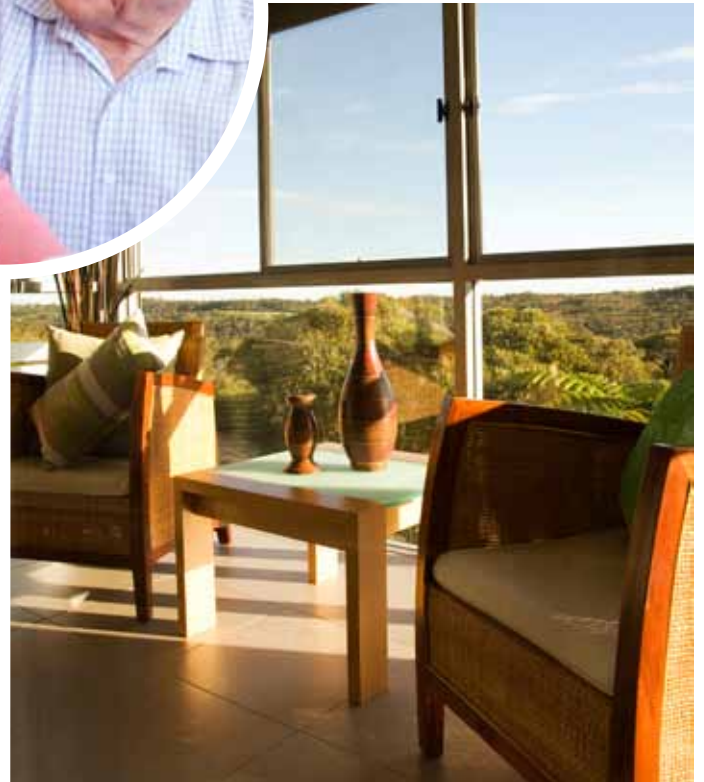

We hope that you will enjoy all that we have to offer you!

APPLICATION FOR RESPITE OR PERMANENT CARE

Residential Aged Care Facility

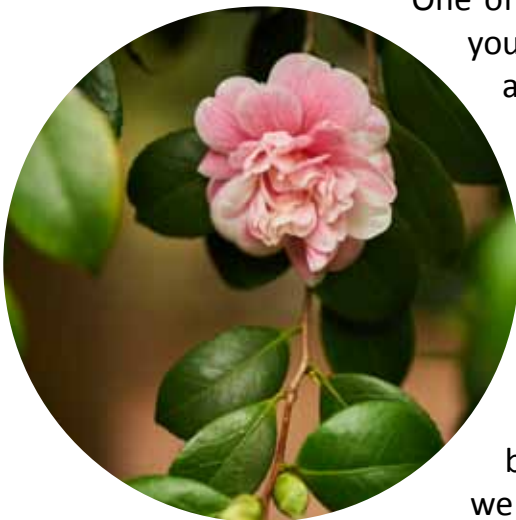

Applying for respite care or permanent care in our residential aged care facility is an easy process. We will make it easy for you.

You will first need to be assessed by the Aged Care Assessment Team (ACAT) whom you can contact directly yourself or have a relative, friend or your general practitioner refer you to them for assessment.

An ACAT staff will then contact you and visit you at home or in hospital to assess the level of care that you require. This may be a home care package, respite care and/or permanent care in a residential aged care facility. ACAT will provide an Aged Care Client Record (ACCR) which summarises your care needs and which can be shared with a Care Provider such as Allambie Heights Village Residential Aged Care Facility.

One of our friendly staff will assist you with your questions when you contact us and will be happy to meet you and show you around our services. We will also discuss the schedule of fees that are payable.

We will ask you to complete our Application Form and return it to us so that we can plan with you when a place is available and when you will require it.

If becoming a permanent resident, we will discuss the Resident Agreement/legal contract that is entered into between the Care Provider (us) and the Resident (you) and we do this in a way that is easy to understand.

“ *We will make the transition easy for you and your family.* ”

We provide respite, permanent, dementia and ageing in place services. For our permanent residents, we provide sensitive and dignified palliative care which we plan with the resident, their loved ones and with our allied health professional colleagues.
